INNOVATING SINCE 1986

With all these milestones to our name, it is not the end for us.

“ It's just **THE BEGINNING...** ”

#BEST SLEEP EVER

M A T T R E S S

Changing The Way, How World Sleeps

by **crafting** the most **comfortable** mattresses of **all times**

An industry leader in mattress manufacturing, The TCPL Group is a leading name in the Indian organized mattress market, known for creating and innovating mattress solutions. The company's journey began in the late 1970s when Mr. Radhey Shyam Gupta embarked on a transformative trip to Japan, where he discovered the art of Japanese craftsmanship in creating the perfect sleep surface. Inspired by the dedication to quality and comfort he witnessed, he returned to India with a mission. Drawing upon his heritage and the wisdom of the East, he fused Japanese precision with Indian tradition and indigenous techniques to craft the ultimate mattress for Indians to sleep on. Thus, the legacy mattress brand COIRFIT was born, promising the gift of rejuvenating sleep to all Indians.

Today, COIRFIT MATTRESSES stands as a beacon of excellence in the mattress industry, showcasing the latest advancements in technology and unparalleled manufacturing acumen honed over 36 years. Our commitment to innovation is evident in every mattress we create, blending cutting-edge materials and engineering to deliver superior comfort and durability. From state-of-the-art foam technologies to precision-crafted spring systems, our mattresses embody the perfect harmony of science and technology, ensuring a blissful sleep experience that exceeds expectations.

GET YOUR BEST SLEEP EVER WITH OUR 6 AMAZING RANGES

ACTIVE BACKCARE COLLECTION

An orthopaedic collection that relaxes your back muscles and prevents them to work all night. It uses the unique SRTX Technology to support the natural curve of your spine. It is designed with a rare combination of optimum hardness and correct comfort level which not only makes it an orthopaedic mattress range but also imparts sound sleep.

COCOPEDIC COLLECTION

This collection brings to you the traditional coir mattresses with a twist. It's state of the art 3-way Anti Sag technology enhances durability and high density rubberised coir offers extra firmness to your back. These improved coir mattresses are a complete package that lead you to a world of sweet dreams and blissful sleep.

ACTIVE HOMEGEAR COLLECTION

A good night's sleep doesn't stop with a new mattress. Enhance your sleep experience with variety of Sleep accessories like Mattress Protectors, Contour Pillows, Kid Pillows, Sofa Cum Bed, Travel Beds and Yoga Mat.

SPRINGSpa COLLECTION

Known for imparting a positive effect on the body, the Spring Spa collection goes beyond the usual re-generation that sleeping provides. An improved spring unit system inside the mattress that enables you to wake up feeling re-vitalised and relaxed every morning leading to an increase in physical and mental well-being.

ACTIVE BOND COLLECTION

A unique science of compressed granular construction of the active bond material that enhances firmness and strength for added support, long lasting comfort and durability. The most popular range of mattresses today with Coirfit being one of the first ones in late 90's to develop this durable material packed with Rebo-Tech advantage.

PURE PUF COLLECTION

A range of latest and scientifically designed eco-fresh mattresses powered by NIVF Technology that reduce pressure points for the desired comfort. So, are you ready to relish your sleep with superior comfort and support of Coirfit's Pure Puf collection.

Hotel like Comfort

THE SECRET IS IN THE SPRINGS

The springs we use are finalised after countless rounds of prototyping to find the perfect gauge wire that gives superior edge support. Ameliorated bounciness with superior craftsmanship is sure to start a new wave of comfortable sleep and health consciousness. Now you can float on spring coils that support your every sleeping position. So pamper yourself and your partner with the new comfort spot in town.

ZERO MOTION TRANSFER

Our modern lifestyle only allows us to sleep for 8 hours a day, so it is vital to take full advantage of that limited time by getting good quality, restorative sleep. The spring construction of these mattresses absorbs motions and allows you to sleep undisturbed, especially when your partner loves to toss & turn the whole night.

INNER SPRING TECHNOLOGY

I.S.P technology provides perfect bounce, back support and a longer life for the mattress. The innerspring construction makes the mattress lighter and enhances air flow. The revolutionary technology offers the right support to your back and helps in maintaining the perfect 'S' curve of your spine. With reduced tossing and turning, it's time to upgrade to rejuvenated and fresh mornings with Spring Spa.

FARM TO FACTORY THE SUSTAINABLE FUTURE

Organic, sustainable, and green mattresses are revolutionising the way we sleep. Our mattresses are crafted from renewable materials such as organic coir, natural latex, and eco-friendly fibres like cotton. We prioritize sustainability by using recycled materials for support layers and incorporating innovative technologies like plant-based foams or biodegradable components.

The concept of organic, sustainable, and green mattresses of the future envisions a harmonious blend of comfort, health, and environmental responsibility, offering a truly restorative and guilt-free sleep experience.

ERGONOMIC DESIGN-SENSE

The exclusive body balanced ergonomic design of the Cocopedic Collection mattresses's adjusts the hardness & softness, there by making the right weight balance and creating a dip free surface for perfect sleep. With these mattresses, you can sleep in your favourite sleeping position, without worrying about having sore neck or pain points. This breakthrough concept of an ergonomic mattress eliminates the unnecessary issues caused by a conventional mattress.

WARM & COOL MATTRESS

Coir has moisture reducing and ventilating ability therefore the circulation of air between the coir fibres is smooth. As a result, the foam remains dry and fluffy, thus keeping the mattress cool. With better breathability and temperature regulating properties of these mattresses, you no longer have to complain about feeling too hot or too cold as they provide the perfect temperature for a euphoric sleep experience.

ORGANIC ADVANTAGE

Made with natural fibre, these mattresses are free of any chemical application which is an added bonus for environment lovers. With anti-dust quality, a Cocopedic mattress is not just perfect for adults, but for elders and kids as well. Coir mattresses provide a healthy and rejuvenating environment and are medically recommended for sound sleep. Our Cocopedic mattresses are built with layers of antimicrobial, hypoallergenic and high quality materials. With an effective ventilation system, coir mattresses allow you to sleep comfortably by absorbing the moisture in the air.

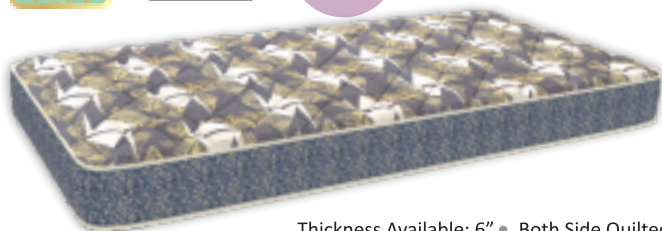

COCOPEDIC NATURE FIBRE EDGE

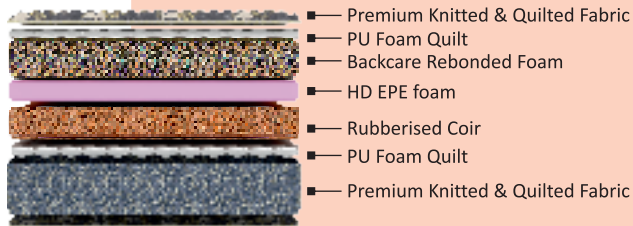

Cocopedic Natural Fibre Collection brings to you the traditional coir mattresses with a twist. Its state-of-the-art 3-Way Anti-Sag Technology enhances durability while the High Density Rubberized Coir offer extra firmness to your back. These new and improved coir mattresses are a complete package that lead you to a world of sweet dreams and blissful sleep. This range has well designed mattresses with different comfort levels to fulfill different body needs. A healthy option for those who want stiff support and bacteria-free environment.

INNVOTECH Roll Away Bed

Although you do everything you can to provide your guests with the sleeping space they need, sometimes a room needs an extra bed. In these situations, most hotels today offer convenient rollaway bed options to their customers. If you don't yet offer this option to your guests, or if you simply want to increase the number of extra beds you have on hand, our heavy duty hotel rollaway bed selection is sure to have something to suit your needs and budget.

The highly mobile extra bed ensures easy use by providing additional bedding options that is easily convertible and quick to set up. It is a smart, efficient and quick solution for all hotel room types without compromising on comfort. The stand features strong sturdy legs, high quality mattress attached in 2 parts, heavy-duty folding frame and flexible bands with straps to keep the mattress attached in standing position. With rolling wheels attached on the base, it further becomes easy to transport the folding roll away bed from one location to another.

TRAVEL BED

Easy & light weight three fold Mattress that's ideal for short stays.
Specs: active bond core & Expanded polyethylene
Size: 6' x 3' / 4" x 3"/4"

INDUSTRIAL COLLECTION

The Power of Good Quality Raw Material

Known for developing innovative and high-quality raw materials, our aim is to deliver products that are rich in standard and fulfil every demand of your customer. From rubberised coir sheets to HR foam sheets, our product offerings not only include perfectly crafted products but also fine quality of raw materials that form the crux of your business. Keeping in mind the ever-evolving customer requirements, we assure raw materials that are developed using only the finest manufacturing procedure, comprehensive R&D and rigorous testing. Let your customers indulge in a soothing and preternatural phenomenon by using Coirfit's top-of-the-line Industrial range.

WANT TO KNOW MORE ABOUT OUR MATTRESSES?

Leading consumers to a well-informed decision, Coirfit is the first mattress company to integrate QR Technology. Our Unique QR Code technology is a revolutionary product informative feature that comes embedded on every mattress. You can simply scan the QR code on the mattress to get a detailed insight about that specific mattress model.

- 4 SIMPLE STEPS:**
1. Download any QR code scanner from Playstore/App Store.
 2. Open the QR code Scanner in your smart phone.
 3. Scan the unique QR code from the mattress.
 4. Press on the open and play button that flashes on your screen.

INSTITUTIONAL COLLECTION ★ ★ ★
